제 1 화 인연의 시작

Episode 1 : The beginning of a relationship

My name is Yu Hui-Ne, 18 years old.

(Yu is the last name)

I have to ride this bus for 2 more years to graduate. My grades are average. My personalities are ... average.

And ...

I am color blind.

전색맹(full color blindness)

(Complete color vision deficiency)

Unable to distinguish any color at all. Everything is black & white.

Translated by Sura's Place

I don't have many problems living with the color blindness.

Nobody knows I am color blind also.

It's just that ... occasionally ...

Heh..., what's even the point of thinking about this ... It's not going to solve anything...

And it's not like I can be cured.

But today ...

It looks like ... something is about to chage ...

(Heart beats)

Your belongings are already there, so we will go there after school right away.
I've cancelled mostly useless appointments, so you can take some breaks.
For tomorrow though, you need to have school early and film the movie.

What I don't like, the first ...

Stupid journalists coming up with stupider stories even without trying to find out what really happened.

Or anyone who does similar things.

I talked to your brother about that. He laughed it off, telling me that it's actually a good sign.
And thanks to her popularity, you got on the first page of newspapers.
What is that
supposed to mean ?!
Are you saying her name has more value than my name ?!
Well.... if you wanna put it that way, yes.
If I kissed her or something at least...
Damn it !
It will be good for us. We don't have to do anything to clean it up. Her agents will clean this mess up nicely in few days.
I will never be a fan of these methods.
I wouldn't be this angry.
Pisses me off...

Huh? Why is here here ?
